

"I contacted QS Quest whilst actively searching for a new role in the Middle East, mainly in Saudi Arabia. QS Quest were found to have a number of opportunities throughout the Kingdom of Saudi Arabia and told me about a number of potential positions that I could be suitable for. Within 1 week of my CV being submitted to the client I managed to achieve 2 telephone interview requests, one of which I was successful. QS Quest kept me updated me every step of the way regarding the recruitment and visa process of working in Saudi Arabia. In a difficult market I found the services of QS Quest to be kind, professional and very informative, and would thoroughly recommend any job seeker to contact them about working in the Middle East." **Allan Wilson**
